

The VA Blue Button

Select to view, print, download, or save your information from My HealthVet

What is the Blue Button?

The **Blue Button** is a new tool on My HealthVet (www.myhealth.va.gov). It allows easy access to your personal health information already in My HealthVet. You can view, print, download, or save your information. You can also share this information with your health care team, caregivers, or others. The Blue Button gives you many benefits. Sharing your personal health information can help you be an active partner with your health care team. As you partner with your health care team, you may potentially experience:

- Increased satisfaction with health care services.
- Better use of the time you spend with your health care provider.
- Improved patient safety.

How do you use the Blue Button?

- Log on to My HealthVet (www.myhealth.va.gov).
- Select the **Blue Button**.
- Select the personal health information you want from your My HealthVet account and click the **Continue** button.
- Select **Download** to have the information saved to a safe location on your computer, a compact disc (CD), or thumb drive.
- Select **View, Print** to see your information and then print it.

What information can you view, print, or download using the Blue Button from My HealthVet?

- Your personal health information you entered in My HealthVet
- If you have an upgraded My HealthVet account, called In-Person Authentication (IPA), your VA prescription history and VA Wellness Reminders may also be available.

The Blue Button – *It's quick, it's easy, and it's for you!*
